

## *Greece Classical Educational Travel*

### **GREECE**

Greece is one of the most romantic of all destinations, where wonderful tales of Classical Greece are brought to life in the clear bright light, and the heat of the Aegean sun.

The sheer number of ancient sites and monuments is astounding - in breathtaking locations, throughout countryside largely unchanged for centuries.

The hustle and bustle of modern Athens; the shimmering ocean, olive groves, and charming villages that dot the Peloponnese coastline; the splendour and mystery that is Delphi; the fascination of Olympia - all these, and so much more, bring school groups back again and again to the "cradle of civilisation".
