

Italy Sports Educational Travel

ITALY

Italy is a first class sports tour destination for all ages and most sports. We would suggest a base around the Lake Garda area because it is ideally situated close to Verona and within reach for day trips to both Venice and Milan, but can also offer tours to Lido di Jesolo (near Venice), Rome and Rimini. Soccer matches are welcomed throughout the region for all ages and abilities. There are a number of keen hockey and rugby clubs too in Verona, Padova, Venice and Milan. All destinations have excellent sporting facilities plus an abundance of cultural and leisure activities.
